

High quality, robust and a great return on investment

The frames, lamps and components are made to the same high specifications. A thick steel frame and base provide total support and stability; four sturdy castors (two lockable) and a 5 metre cable provide mobility; and rotating heads and lamps provide exceptional coverage. You can rely on an Infratech system for all your S.M.A.R.T. and professional repairs again and again.

Satisfaction Guaranteed*

The Infratech Satisfaction Guarantee means that if your product does not perform as advertised we will issue a full refund. We will issue your choice of a full refund or replacement if an item is defective. All of our products come with a 12 months warranty unless otherwise stated.

Safe, secure payments

Infratech offer secure payments online, on the telephone or by visiting our showroom. We accept payment via Paypal, Credit/Debit card, Cheque, Postal Orders and Bank Transfer.

Fast, free delivery and shipping*

We can deliver to most UK locations within 24 hours if ordered before 1pm. Palletised orders are usually delivered within 7 days. International orders are shipped by Airmail and usually arrive between 3 – 7 days. All items are shipped from the UK.
